Directions for use

Veloci-T Force is recommended for equine athletes, racehorses, breeding stallions, early gestating mares and yearlings. Feed in conjunction with water and a minimum of 1% body weight (on a dry matter basis) of a long stemmed forage (hay/pasture). Feed according to the following table, whereby the lower quantity meets minimum vitamin and mineral requirements and the higher quantity meets Purina Superior recommendations. Ideally, feed enough to achieve desired body condition, and for every kilogram under the recommendation, provide 225 grams of Purina Equilizer (35710). Provide free-choice salt. Daily ration should be divided into 2 and preferably 3 separate feedings daily.

Complete feed for equine athlete and race horses

Veloci-T Force is a textured feed with added shredded beet pulp for hard working equine athletes and racehorses. Veloci-T Force utilizes modern technological capabilities and scientific research on the nutritional requirements vital for performance to provide a palatable textured feed without cracked or steam-flaked corn.

Veloci-T Force is formulated with certified quality ingredients and is manufactured exclusively in our specialized and drug-free facility in Strathroy, Ontario.

Characteristics

CHARACTERISTICS	ADVANTAGES
Contains 6% fat from vegetable sources	<ul style="list-style-type: none"> Highly digestible and energy/calorie dense. Less feed required to maintain body condition. Clean burning fuel, does not produce lactic acid and spares glycogen levels for enhanced athletic performance.
Contains reduced starch and higher fat and fibre content	<ul style="list-style-type: none"> Provides a moderate level of starch. Helps minimize gut upset (colic) by preventing starch overload in the hindgut.
Contains Athlete™, Purina's unique extruded high fat supplement with flaxseed (an excellent source of omega-3)	<ul style="list-style-type: none"> Improves hair coat and skin condition. Supports immune functions, anti-inflammatory properties and ulcer healing. Omega-3 fatty acids shown to help enhance insulin efficiency thus reducing insulin resistance. Promotes membrane integrity and cell viability (including red blood cells). Helps maintain proper cognitive ability.
Contains shredded beet pulp, a high pectin fibre source	<ul style="list-style-type: none"> A highly fermentable fibre source providing needed calories for performance. Helps maintain a healthier hindgut pH and microbial population.
Contains Horse Plus™, Purina's exclusive blend of 11 vitamins, consisting of a full complement of 8 B-vitamins (including biotin), vitamin C, E and K	<ul style="list-style-type: none"> Essential blood-building nutrients. Supports immune function and overall health. Essential for proper utilization of energy for optimal performance. Helps protect against exercise induced stress. Helps enhance fertility and sperm quality.
Contains elevated and added amino acids including methionine	<ul style="list-style-type: none"> Provides building blocks for improved muscle development and joint health.
Contains yeast culture	<ul style="list-style-type: none"> Improves hindgut fermentation which increases energy, protein and phosphorus utilization.
Contains an elevated level of vitamin E (245 IU/kg) and selenium (0.4 mg/kg)	<ul style="list-style-type: none"> Effective antioxidants. Helps repair the oxidative stress of exercise. Helps supports immune functions and overall health.

1. Amounts can vary depending on the hay. Purina recommends that you have your hay analyzed and balance your ration accordingly. Also, depending on the hay, Optimal (35720) may be better suited as a supplement than Equilizer (35710).
2. If your horse rapidly consumes this feed and/or if hydration status of your horse is questionable, we recommend adding water to this feed or using other measures to ensure an appropriate rate of intake.
3. Do not provide more than 0.5% of body weight of this feed at one time.
4. Provide a source of fresh, clean water at all times.
5. Follow sound management practices along with disease and sanitation control measures. If there are any questions, contact your veterinarian, Purina dealer or Purina sales consultant.

Caution

Directions for use must be carefully followed.

Feed is perishable. Store in a dry, well-ventilated area protected from rodents and insects. Do not feed moldy or insect-infested feed to animals as it may cause illness, abortion or death.
